DEMONSTRATION MARKS CONVENTION

At the Coliseum, Chicago, June 7, with a tumultuous demonstration for Theodore Roosevelt, the Progressive national convention opened here today while the Republican national convention met at the Coliseum. Enthusiasm for Roosevelt was precipitated when Raymond Robins of Chicago, temporary chairman, referred to him as the "foremost citizen of the world."

During the enthusiastic outburst, there was every indication that the Progressive party leaders had the convention in control and that no nomination for the presidency would be attempted until conferences, already begun with Republican leaders, had been consummated.

The convention was called to order by Victor Murdock of Kansas, chairman of the Progressive national committee, and his appearance on the platform, surrounded by George W. Perkins, Oscar L. Straus, Hiram Johnson and other Progressive leaders, was the signal for a preliminary opening of the convention for more than half an hour.

Waiting for Signal.

When Raymond Robins began his address the convention seemed to be waiting for a signal. It got it when

the chairman referred to Roosevelt as "the foremost citizen of the world" and the demonstration followed. Banners and stanchions were carried about the hall by enthusiastic delegates and at 2:15 p. m., an hour after the Republican national convention had adjourned, the officers of the convention still were waiting for the Roosevelt acclaim to subside.

At the end of an hour George W. Perkins left the hall and went to his hotel. Prior to his departure the question of recessing the convention was discussed, but it found much opposition. "Let them yell," one leader said. "Now that they have had a chance to shout they will be more easily induced to delay action on a nomination."

ANDREW G. WICKER.

How the Texas Tube test happened!

It nettled Bill Parr considerably! So many motorists had carelessly stated that "all Tire Tubes are just Rubber." He determined to show some folks the difference, in a way they would never forget.

There were four Cars at the door, and their Owners or Drivers at his elbow.

To these he said—
"Boys,—how strong do you think this Goodrich Brown Tube actually is?"

"Do you believe it is strong enough to tow Mr. Oden's five passenger Car, with four people in it, for 20 blocks?"

"You don't, eh!
"Well now here's a bit of a Bet I want to make with any, or all, of you.
"I will bet you a Dinner that this little old regular Goodrich Tube (34x4) will not only tow Mr. Oden's Car, but will tow all three of your Cars,—fully passengered,—through the streets, for the full 21 blocks (more than a mile and a half)—starting and stopping as many times as the crowd makes it necessary.

"I will,—if you Gentlemen are agreeable,—line up all four of your Cars, right here and now, take three regular Goodrich Tubes hap-hazard out of their boxes,—tie one tube between each two Cars, (which means hauling three Cars on the first Tube) and tote You all that way to "The Corners."

"Are you willing to bet a Dinner that any one of the three Tubes will 'go broke' on the way, or show a flaw which would leak Air, or prevent its being used for its original Tire purpose afterwards?"

"You are, eh?
"Well,—the Bet's on!
"Come along, and you be the Judges."

.....

THE Dinner was a very Cheerful Affair. As Oden said afterwards (when putting up his share of the Bet) "you could have bet me a Million on that, Parr, and I'd have taken you up,—even if I had to borrow the Million."

"I don't see how the blamed Tubes ever did hold out,—especially going up Saco St. under such a strain.
"With eight people in the last three Cars,—and a total load of over 8,800 pounds I sure thought to hear something snap before Second Block."

"Whaddye put into that brown Goodrich Rubber anyhow, to make it hang together like that?"

Fritz said that what puzzled him most was the brown Rubber Tubes "not being all stretched out of

shape after such a tug, even if they did hang together at the finish."

"Look you," said he, "when we released the load,—after the Haul,—they instantly snapped back into just three-quarters of an inch longer than they were at the start!"

"And that ¾ of an inch, they took up again in less than two hours rest."

.....

"WELL, boys,"—Bill Parr remarked,—as he smoothed out a wrinkle in his well-filled vest, "that'll stop the Argument about all Tire Tubes being 'just Rubber,' won't it?"

"If the Brown Stuff that toted all you Heavyweights,—and your Cars,—for 21 blocks, without a Sign of Heavy Duty afterwards, isn't something MORE than 'just Rubber,' like other Tubes,—then you'd better buy the 'just Rubber' kind hereafter."

"I'm going to ask all of you to sign your names to this 'Texas Tire Tube Test,'—just to show that you have taken part in a regular Exploit which is mighty well worth recording."

So indeed they did,—and here is the affidavit:

AFFIDAVIT.

This certifies that we, the undersigned, took part in and witnessed, the Texas tube test referred to in the advertisement entitled "How the Texas Tube Test Happened!"—that the test was made on date of Nov. 11, at Waco, Texas, the distance covered being twenty-one blocks and that the result was as described.

Signed— W. M. ODEN,
J. M. NASH,
B. A. FRITZ,
W. A. PARR.

Subscribed and sworn to before me by W. M. Oden, J. M. Nash, B. A. Fritz and W. A. Parr, this 3rd day of May, A.D. 1916, at Waco, Texas.

Signed— J. G. WREN,
Notary Public,
McLennan County, Texas.

Now what think You of these GOODRICH Tire Tubes that could bear up under such a gruelling test? Reflect that they cost you no more than the "ordinary" Tubes you so carelessly accept!
